Critical Information Summary

Business NBN 500/50 Mbps + Web hosting (cPanel, SSL) + 5 POP email accounts

NET2000 Pty Ltd
ABN 51 073 565 447
Version 1.0 · Effective 3 November 2026

Key information about this offer

Service	A business bundle of two services on one bill: (1) Business NBN broadband, speed tier 500/50 Mbps, unlimited data (subject to our Fair Use Policy), **static IP address**; and (2) web hosting for your own domain with cPanel, SSL certificate and 5 POP email accounts. Internet only - no phone or VoIP service.
Minimum monthly charge	**$170** per month for the bundle (incl. GST)
Minimum total cost	**$4,179** over 24 months (24 × $170 + $99 setup)
Maximum monthly charge	$170 per month (no usage charges). Extra mailboxes you choose to add are $20 per month each.
Minimum term	**24 months**, starting on your activation date. After that, month to month with no early termination charge.
Early termination	If you cancel within the 24-month term, an early termination charge applies: monthly charge × remaining months of the term, pro-rated for part months. Maximum: $170 × 24 = $4,080. Example: $170/month with 6 months left = $1,020. Any unpaid charges for services already provided also remain payable.
Important conditions	For business use. NBN part needs FTTP or HFC; speed not guaranteed. You need your own domain name; we'll tell you about any domain charge before it applies. Priority fault response; no separate service level agreement. NBN Co charges, such as new development fees, are passed on at cost; we'll tell you before they apply.

Speed

500/50 Mbps is the NBN speed tier: the maximum possible speed, generally available in off-peak periods. It is not a guaranteed speed.

Typical busy-period speed (7pm–11pm): 425 Mbps download / 42 Mbps upload.

Suits an office using cloud apps, video meetings, file transfers and VoIP at the same time.

Wi-Fi range and interference, older devices or routers, in-home cabling and many devices in use can reduce speed. A central router, cabled devices and newer equipment help.

Availability & technical limitations

- 500/50 Mbps needs an NBN **Fibre to the Premises (FTTP)** or **HFC** connection. Not available on FTTN, FTTB, FTTC, Fixed Wireless or Satellite; we check your address first.
- In most cases NBN services **will not work during a power failure**. Keep a charged mobile phone for emergencies.
- **Medical or security alarms:** check with your alarm provider that it works on the NBN (and alternatives) before signing up. Register medical alarms on NBN Co's Medical Alarm Register (nbn.com.au).

Equipment

No modem/router is included. Bring your own NBN-compatible router, or buy one from us (optional): **MikroTik 5-port router with Wi-Fi, $299** one-off (incl. GST). Warranty: 12 months through NET2000 (or the manufacturer's warranty period if shorter), or directly with the manufacturer for its warranty period, if any.

Pricing

Item	Charge
Bundle: Business NBN 500/50 + hosting + 5 POP email accounts	**$170** per month
Setup fee	$99 one-off
Modem / router	Not included. Optional MikroTik 5-port Wi-Fi router: $299 one-off
Other charges	NBN Co charges passed on at cost. We'll tell you about any other charge before it applies.
Minimum total cost	**$4,179** = 24 × $170 + $99 setup. Excludes the optional router.

What the hosting includes

- Hosting on NET2000 servers with cPanel and an SSL certificate
- 5 POP email accounts on your own domain. Microsoft 365 email (Exchange Online) mailboxes are not included; please enquire.
- Disk space and other limits: as described in your plan details or quote.
- Our Acceptable Use Policy applies to email, hosting and backups.

If you change or cancel part of the bundle

If you cancel part of a bundle, we'll confirm the price of your remaining services before the change. Website files, email and backups are kept for 30 days after a service ends, then deleted.

Data & usage

Unlimited data, not shaped, subject to our Fair Use Policy. No excess charges; we never slow your service for using data. For typical day-to-day Australian business use, not hosting servers or data use well beyond reasonable use. Policy: net2000.com.au/fair-use-policy.html. For your usage information, contact us on (03) 9738 0005 or support@net2000.com.au.

Billing & payments

Billed monthly in advance from your activation date. Pay by credit card, internet banking (EFT) or PayID: all fee-free, no card surcharge. No late payment fee. Bills are emailed; paper bills are free on request.

Other information

- Full terms: our Terms and Conditions (Standard Form of Agreement). This CIS is a summary only. See also our Fair Use Policy, Acceptable Use Policy, Payment Assistance Policy and Privacy Policy.
- You must be 18 or over to sign up.
- Cooling-off: 5 business days after you sign up, for any sale; 10 business days where the law requires it (for example, unsolicited sales).
- Your price is locked for the 24-month term. If we make a change that is materially detrimental to you, you can leave within 30 days without an early termination charge.
- Upgrades to a higher plan are free and don't restart your term.
