Critical Information Summary

Home NBN 100/20 Mbps · Unlimited data

NET2000 Pty Ltd
ABN 51 073 565 447
Version 1.0 · Effective 3 November 2026

Key information about this offer

Service	Residential NBN broadband, speed tier 100/20 Mbps, **unlimited data** (subject to our Fair Use Policy), always-on dynamic IP address (static IP is not available on home plans). Internet only - no phone or VoIP service.
Minimum monthly charge	**$129** per month (incl. GST)
Minimum total cost	**$3,096** over 24 months (24 × $129; no setup fee)
Maximum monthly charge	$129 per month (no usage charges)
Minimum term	**24 months**, starting on your activation date. After that, month to month with no early termination charge.
Early termination	If you cancel within the 24-month term, an early termination charge applies: monthly charge × remaining months of the term, pro-rated for part months. Maximum: $129 × 24 = $3,096. Example: $129/month with 6 months left = $774. Any unpaid charges for services already provided also remain payable.
Important conditions	Speed depends on your NBN connection type and line; not guaranteed (see Speed). NBN Co charges, such as new development fees, are passed on at cost; we'll tell you before they apply.

Speed

100/20 Mbps is the NBN speed tier: the maximum possible speed, generally available in off-peak periods. It is not a guaranteed speed.

Typical busy-period speed (7pm–11pm): 85 Mbps download / 17 Mbps upload.

Suits a household streaming HD/4K video, video calling and browsing at the same time.

Wi-Fi range and interference, older devices or routers, in-home cabling and many devices in use can reduce speed. A central router, cabled devices and newer equipment help.

Availability & technical limitations

- Available only on NBN **FTTN, FTTB, FTTC and Fixed Wireless**. Not offered on FTTP or HFC (those connections start at our 500/50 Mbps plan) or on NBN Satellite. On **FTTN**, the speed depends on the copper line to your premises and may be below 100/20 Mbps; FTTB and FTTC rarely have line speed issues. We check FTTN line speed within 20 business days after connection. If NBN's line test confirms your FTTN line can't reach 100/20 Mbps, we'll tell you your line's maximum speed and you can choose: **$10 per month off** the plan price for as long as that remains the case, or **cancel at no cost**. We don't offer a plan below 100/20.
- In most cases NBN services **will not work during a power failure**. Keep a charged mobile phone for emergencies.
- **Medical or security alarms:** check with your alarm provider that it works on the NBN (and alternatives) before signing up. Register medical alarms on NBN Co's Medical Alarm Register (nbn.com.au).

Equipment

No modem/router is included. Bring your own NBN-compatible router, or buy one from us (optional): **MikroTik 5-port router with Wi-Fi, $299** one-off (incl. GST). Warranty: 12 months through NET2000 (or the manufacturer's warranty period if shorter), or directly with the manufacturer for its warranty period, if any.

For good Wi-Fi coverage across a home we usually recommend a mesh Wi-Fi system, such as TP-Link Deco. This is a recommendation only.

Pricing

Item	Charge
Home NBN 100/20 Mbps	**$129** per month
Setup / connection fee	$0 - no setup fee
Modem / router	Not included. Optional MikroTik 5-port Wi-Fi router: $299 one-off
Excess data / cost per GB	None - unlimited data
Other charges	NBN Co charges passed on at cost. We'll tell you about any other charge before it applies.
Minimum total cost	**$3,096** = 24 × $129. Excludes the optional router.

Data & usage

Unlimited data, not shaped, subject to our Fair Use Policy. No excess charges; we never slow your service for using data. For typical day-to-day Australian home use, not hosting servers or data use well beyond reasonable use. Policy: net2000.com.au/fair-use-policy.html. On NBN Fixed Wireless, NBN Co may apply its own fair use measures. For your usage information, contact us on (03) 9738 0005 or support@net2000.com.au.

Billing & payments

Billed monthly in advance from your activation date. Pay by credit card, internet banking (EFT) or PayID: all fee-free, no card surcharge. No late payment fee. Bills are emailed; paper bills are free on request.

Other information

- Full terms: our Terms and Conditions (Standard Form of Agreement). This CIS is a summary only. See also our Fair Use Policy, Acceptable Use Policy, Payment Assistance Policy and Privacy Policy.
- You must be 18 or over to sign up.
- Cooling-off: 5 business days after you sign up, for any sale; 10 business days where the law requires it (for example, unsolicited sales).
- Your price is locked for the 24-month term. If we make a change that is materially detrimental to you, you can leave within 30 days without an early termination charge.
- Upgrades to a higher plan are free and don't restart your term.
